Lecture No.	Lecture Objective	Topic/ Module Details with subtopics	BLT LEVELS & COs COVERED	Methodology	Ref. Book	Date on which Delivered
L-1	To provide students with a clear understanding of the definition and evolution of banking	**Definition of banking, Evolution of banking in India, Importance of banks in the economy**		L	R1	
L-2	To explain the different types of banks and their organizational structure within the banking industry.	Types of banks: Commercial banks, Cooperative banks, Development banks, Private and Public Sector Banks, RRBs		L	R1	
L-3	To understand the primary and secondary functions of banks	Primary Functions of Banks – Accepting deposits, Providing loans, Payment and settlement services, Secondary Functions – Foreign exchange services, Investment banking, Risk management and advisory services.		L	R1	
L-4	To know the regulatory framework governing banks in India	Role of RBI, Key regulatory acts: Banking Regulation Act, RBI Act, FEMA, Importance of KYC and AML guidelines		L	R1	
L-5	To understand the objectives and phases of banking sector reforms in India	Narasimham Committee recommendations, Liberalization, Privatization, Financial inclusion		L	R1	
L-6	To know the key outcomes and challenges of banking sector reforms	NPAs and recapitalization, Consolidation of banks, Technology adoption, Rural outreach		L	R3	
L-7	To evaluate the impact of financial sector reforms on the banking sector in India	Positive Outcomes of Reforms, and Challenges and Criticisms of Reforms				

DIRECTOR
Trinity Institute of Professional Studies
(Adj... Area)

L-8	To understand the impact of global financial crises on Indian banks	2008 crisis overview, Contagion effect, Resilience of Indian banking system, Policy responses		L	R3	
L-9	To explain the credit policies in India and the reforms aimed at improving access to credit for various sectors.	Credit Policy in India – Role of the RBI in setting credit policy, Objectives of credit policy: Inflation control, growth facilitation, and financial stability, Recent Credit Reforms				
L-10	To provide an introduction to the Basel Accords and understand their significance in banking regulations.	Basel I, II, III overview, Capital adequacy ratio (CAR), Risk management, Compliance by Indian banks		L	R3	
L-11	To critically analyze the merits and weaknesses of Basel norms in the context of global and Indian banking systems.	Merits of Basel Norms, and Weaknesses of Basel Norms		L	R3	
L-12	To recap the key concepts discussed during the course, and provide a comprehensive overview for better understanding.	Revision of Key Topics – Definition, functions, types, and structure of banks, Legal framework and regulation, financial sector reforms and global financial crisis, Basel Accords and their implications.		CD		
l-13	To know the evolving landscape of banking and future trends	Future Trends in Banking – The rise of fintech, digital banking, and blockchain, Financial inclusion and the future of credit.		CD	R3	

DIRECTOR
Trinity Institute of Professional Studies
(Adj. Metro Pillar No. 1160, Institutional Area)
Sector-9, Dwarka, New Delhi-110075

L-14	To conclude the course by answering questions, discussing the key takeaways	Final Review and Q&A Session – Recap of all major concepts, Open discussion on the future of banking in India, Preparing for the final exam and assignments.		CD		
L-15	To understand the various banking products and services offered by banks	Overview of banking services, Core and value-added services, Retail vs. corporate banking, Fee-based services		L	R2	
L-16	To explore the types of bank accounts and the process to open them.	Savings account, Current account, Fixed deposits, Recurring deposits, Account opening process		L	R2	
L-17	To understand the various services offered by banks to individuals and businesses.	Various Banking Services – Fund transfer services, Bill payment services, Mobile banking, Internet banking, Locker services, Overdraft facilities, Mobile and online remittance.		L	R2	
L-18	To explain the concept of digital and cashless transactions and their growing importance.	Definition, Types of digital payments (UPI, NEFT, RTGS, IMPS), Benefits of cashless transactions, Digital wallet services (e.g., Paytm, Google Pay, PhonePe).		L		
L-19	To understand the functionality and features of ATM facilities in modern banking.	Definition and Types of ATMs, How ATM works (Process and functionality), Security aspects of ATMs, Usage of ATMs for withdrawals, balance inquiry, mini-statements, etc.		L		
L-20	To explore the concept of Debit and Credit Cards, their usage, and differences.	Definition and features, Differences between debit and credit cards, Advantages and disadvantages, Security features (e.g., PIN, EMV chips), Using cards for online and offline purchases.		L		

DIRECTOR
Trinity Institute of Professional Studies
(Adj. Metro Pillar No. 1160, Institutional Area)
Sector-9, Dwarka, New Delhi-110075

L-21	To understand the growing trend of app-based payment systems and their impact on the banking industry.	Definition, Popular app-based payment platforms (e.g., PhonePe, Paytm, Google Pay), Peer-to-peer (P2P) payment systems, Security and encryption in app-based payments, Benefits and challenges of app-based payments.		L		
L-22	To discuss banking complaints, the role of the Ombudsman, and consumer rights.	Definition and types of banking complaints, Role of the Banking Ombudsman, Procedure for filing complaints, Consumer protection in banking, Recent cases and rulings by the Ombudsman.		L		
L-23	To introduce negotiable instruments and their importance in banking transactions.	Definition and significance, Types of negotiable instruments (promissory note, bill of exchange, cheque), Characteristics of negotiable instruments, Legal aspects of negotiability.		L		
L-24	To explore the concept of a cheque, its features, and types of cheques.	What is a cheque?, Essential features of a cheque, Types of cheques (Bearer Cheque, Order Cheque, Crossed Cheque, Open Cheque, Post-dated Cheque).		L		
L-25	To understand endorsement and its importance in cheque transactions.	Meaning of endorsement, Essentials of a valid endorsement, Types of endorsements (Blank, Full, Restrictive, and Conditional endorsement), Legal implications of endorsement.		L		
L-26	To engage students in discussing real-life scenarios of banking services and complaints.	Discussion on the future of digital payments, Problems faced in digital banking, Banking complaints and resolutions, The role of customer service in banking.		L		

DIRECTOR
Trinity Institute of Professional Studies
(Adj. Metro Pillar No. 1160, Institutional Area)
Sector-9, Dwarka, New Delhi-110075

L-27	To summarize and revise key concepts discussed throughout the course.	Revision of Key Topics – Types of bank accounts, Banking services, Digital and cashless transactions, ATM facility, Debit/Credit cards, App-based payments, Negotiable instruments, Cheque and endorsement.		CD		
L-28	To conclude the course with reflections on modern banking services and the evolution of digital banking.	Final Review and Q&A – Recap of all major concepts, Open discussion on trends in digital banking and payment systems, Preparing for final exam and assignments.		CD		
L-29	To introduce the concept of Internet Banking and its significance in modern banking.	Definition and key features, Benefits of internet banking for customers and banks, Overview of online banking services		L		
L-30	To explore the advantages and challenges of Mobile Banking for consumers and banks.	Introduction to mobile banking, Key features and services (mobile check deposits, fund transfer, bill payments), Benefits and challenges of mobile banking, Mobile banking security issues.		L		
L-31	To understand the concept of Home Banking and its use cases.	Definition, Services provided by home banking, Features and advantages, Technological infrastructure needed for home banking, Differences between home banking and internet banking.		L		
L-32	To discuss Virtual Banking and how it differs from traditional banking.	Definition and features of virtual banks, Advantages of virtual banks (no physical branches), Types of virtual banking services, Regulatory frameworks for virtual banks.		L		

DIRECTOR
Trinity Institute of Professional Studies
(Ad). Metro Pillar No. 1160, Institutional Area)
Sector-9, Dwarka, New Delhi-110075

L-33	To explain Electronic Clearing System (ECS) and its role in electronic payments.	Electronic Clearing System (ECS) – Definition, Types of ECS (Credit and Debit), Benefits of ECS, Process of ECS transactions, ECS for bill payments, salary payments, and loan repayments.		L		
L-34	To delve into E-payments and the various methods used for making electronic payments.	E-Payments – Overview of electronic payment systems, Types of e-payments (Credit/Debit card payments, digital wallets, direct bank transfers), Benefits and challenges of electronic payments, Security aspects.		L		
L-35	To explore Electronic Fund Transfer (NEFT) and its advantages in banking operations.	Introduction to NEFT, Process of NEFT transactions, Benefits of NEFT, NEFT vs. RTGS vs. IMPS, Timings and limits for NEFT transactions.		L		
L-36	To understand the functionality of RTGS (Real Time Gross Settlement) in interbank transactions.	Introduction to RTGS, Key features and benefits, How RTGS works, RTGS vs NEFT vs IMPS, Differences in transaction limits and processing time.		L		
L-37	To explain IMPS (Immediate Payment **Service**), its working, and how it enhances banking efficiency.	Introduction to IMPS, Features of IMPS, Real-time payments and benefits, IMPS vs NEFT/RTGS, How IMPS is used for immediate fund transfers.		L		
L-38	To discuss the concept and growing importance of Unified Payments Interface (UPI) in the Indian banking system.	Introduction to UPI, Key features and services, How UPI works (linking bank accounts with mobile apps), UPI vs traditional banking systems, Benefits and challenges of UPI, Security and privacy concerns.		L		

DIRECTOR
Trinity Institute of Professional Studies
(Adj. Metro Pillar No. 1160, Institutional Area)
Sector-9, Dwarka, New Delhi-110075

L-39	To understand the importance of **Cybersecurity** in protecting online banking transactions.	Introduction to cybersecurity, Common cyber threats to internet banking (phishing, hacking, malware), Methods of securing online banking (two-factor authentication, encryption, firewalls), Security regulations in internet banking.		L		
L-40	Class Discussion	**Class Discussion on Digital Banking**		CD		
L-41	**Revision** – To summarize all the key concepts and topics discussed in the course.	Recap of all major topics: Internet Banking, Mobile Banking, E-payments, NEFT, RTGS, IMPS, UPI, Cybersecurity, Electronic Clearing System (ECS).		CD		
L-42	To evaluate students' understanding of all course concepts through an exam.	Comprehensive exam covering all topics		CD		
L-43	To introduce the concept of Loans and Advances in banking and their significance.	Definition of loans and advances, Importance of credit in the economy, Classification of credit: Short-term, medium-term, and long-term.		L		
L-44	To explore short-term credit and its role in meeting working capital needs of businesses.	Definition, Purpose and examples (e.g., Overdraft, Cash Credit), Key characteristics, Repayment structure, Interest rate determination.		L		
L-45	To explain medium-term credit, its use in financing long-term projects or assets.	Definition, Purpose (e.g., equipment purchase, expansion), Features of medium-term loans, Repayment schedules, Risk management.		L		

DIRECTOR
Trinity Institute of Professional Studies
(Adj. Metro Pillar No. 1160, Institutional Area)
..., Dwarka, New Delhi ...075

L-46	To introduce long-term credit, which is used for major capital investments or expansion.	Definition, Types of long-term loans (Term Loans, Infrastructure Loans), Features, Repayment terms, and how long-term loans contribute to business growth.		L		
L-47	To explore microfinance and its role in supporting financial inclusion for underserved communities.	Definition, Objectives of microfinance, Types of microfinance products (Microloans, Microcredit), Role of microfinance in poverty alleviation, Key providers of microfinance.		L		
L-48	To discuss the principles of sound lending that guide banks in their lending decisions.	5 Cs of Credit (Character, Capacity, Capital, Collateral, Conditions), Risk assessment, Loan evaluation techniques, Creditworthiness of borrowers, Importance of documentation.		L		
L-49	To explain the types of loans and advances offered by banks.	Secured loans (e.g., mortgage loans, car loans), Unsecured loans (e.g., personal loans, education loans), Revolving credit, Business loans, and other financial products.		L		
L-50	To explore Mortgage Advances and their significance in secured lending.	Definition, Types of mortgages (e.g., simple mortgage, English mortgage, equitable mortgage), Features and advantages of mortgage loans, Legal documentation involved in mortgage lending.		L		
L-51	To discuss securitization of standard **assets** and the process of asset-backed financing.	Meaning, Process of securitization, Asset-backed securities, Benefits of securitization for banks, Risks involved, Regulatory frameworks for securitization.		L		
L-52	To understand the concept of Non-performing Assets (NPAs) and their	Definition, Causes of NPAs, Classification of NPAs (Sub-standard, Doubtful, Loss assets), NPA ratios, How NPAs affect the bank's financial health.		L		

DIRECTOR

The Essential Need for Management in Organizations

No organization, regardless of size or mission, can thrive without strong management. It provides the necessary framework and direction.

Goal Achievement

Management focuses all efforts on reaching predefined organizational goals and objectives, ensuring every action contributes to the mission.

Optimal Resource Utilization

It minimizes waste and maximizes output by coordinating and allocating scarce resources efficiently, including people, money, and machinery.

Promoting Innovation & Growth

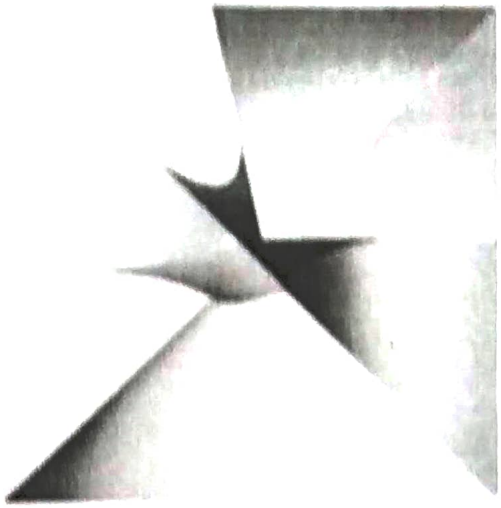

Managers encourage creativity, adapt to dynamic environments, and implement changes necessary for long-term sustainability and growth.

Furthermore, management helps in establishing a stable, ethical, and productive work environment that boosts employee morale and cooperation.

What is Management? Defining the Core Concept

Getting Things Done Through Others

Management is the process of planning, organizing, leading, and controlling the efforts of organizational members and of using all other organizational resources to achieve stated organizational goals.

> It is both an **art** (in the application of skills) and a **science** (in the systematic body of knowledge it draws upon).

Effective management ensures that resources—human, financial, physical, and informational—are utilized efficiently and effectively toward common objectives.

(Adj). Metro Pillar No. 1160), Institutional Area
Sector-9, Dwarka, New Delhi-110075

Understanding Consumer Involvement

Consumer involvement represents the level of personal relevance and engagement that individuals demonstrate towards a brand, product, or marketing activity. It's the invisible force that determines whether customers merely purchase or become passionate advocates.

Personal Relevance

The degree to which consumers perceive a product or brand as meaningful to their identity and lifestyle

Emotional Connection

The depth of feelings and attachment consumers develop towards brands and their offerings

Active Engagement

The extent to which consumers participate in brand activities, from feedback to co-creation

(23)

When consumers are highly involved, they invest time, attention, and energy into their relationship with brands4 transforming from passive buyers into active partners.

Trinity Institute of Professional Studies
(Adj): Metro Pillar No. 1160), Institutional Area
Sector-9, Dwarka, New Delhi-110075

The Evolution from Passive Consumers to Active Brand Co-creators

(24)

Traditional Era

One-way Communication: Brands broadcasted messages through TV, print, and radio whilst consumers passively received information with limited feedback channels.

Social Media Revolution

ActiveParticipation: Consumersbecame contentcreators,sharing experiences, influencingpeers, and demanding transparency from brands.

1 — 2 — 3 — 4

(25)

Digital Platforms Enabling Consumer Participation

Social Media Networks

Instagram,Facebook,and Twitter enable consumers to share experiences, create content, engage in conversations, and build communities around brands they love.

Review Platforms

Siteslike TripAdvisor,Amazon Reviews, and Google Reviews empower consumers to influence purchasing decisions through authentic feedback and ratings.

Content Creation Tools

YouTube, TikTok,and Reelsprovide platforms for consumers to create original content, unboxing videos, tutorials, and brand testimonials that reach millions.

Brand Communities

Dedicatedforums, Discord servers, and branded apps foster deeper connections where enthusiasts collabora share insights, and co-create value.

Orientation Programme Management and Commerce Department

Trinity Institute of Professional Studies, Dwarka, successfully organized the **Orientation Programme** for the newly admitted students of **BBA and B.COM(H)** on **30th August 2025.** The programme was designed to warmly welcome freshers and familiarize them with the institute's academic culture, facilities, values, and expectations, marking the beginning of their academic journey.

The orientation programme commenced with a formal welcome address, followed by an invocation and a vibrant cultural performance by **Zorks & Elysian Society**, which set an enthusiastic and positive tone for the event. The presence of eminent and distinguished guests added great value to the programme. Their insightful and motivational speeches provided valuable guidance, encouraging students to pursue excellence, discipline, and innovation in their academic and professional lives.

The academic orientation segment was conducted by the Heads of Departments. **Dr. Manisha Gupta (HoD, Management Department)**, **Dr. Neha Arora (HoD, Commerce Department)**, delivered comprehensive presentations outlining the curriculum structure, program objectives, evaluation methods, and academic expectations. This session helped students gain clarity about their respective programs and academic responsibilities.

Students were also introduced to various **student clubs and societies**, encouraging participation in co-curricular and extracurricular activities for holistic development. An interactive quiz session further engaged the students, making the orientation lively and participative while fostering teamwork and enthusiasm among the new batch.

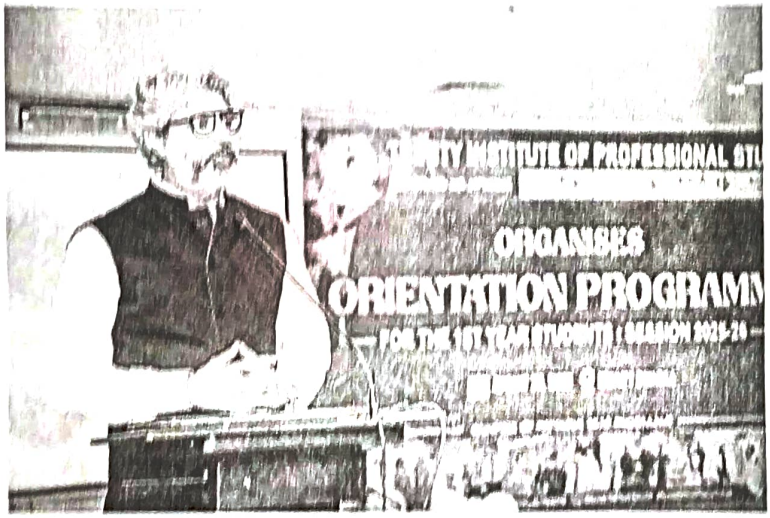

The orientation programme successfully acquainted students with the institute's ethos, academic environment, and support systems. It provided a meaningful platform for interaction between students, faculty members, and the administration, helping build a sense of belonging and community within the campus.

The programme concluded on a positive note, leaving students motivated and excited to begin their journey at Trinity Institute of Professional Studies. Overall, the orientation programme was a grand success and reflected the institute's commitment to nurturing students academically, professionally, and personally.

Orientation Programme Management and Commerce Department

Trinity Institute of Professional Studies, Dwarka, successfully organized the **Orientation Programme** for the newly admitted students of **BBA and B.COM(H)** on **30th August 2025.** The programme was designed to warmly welcome freshers and familiarize them with the institute's academic culture, facilities, values, and expectations, marking the beginning of their academic journey.

The orientation programme commenced with a formal welcome address, followed by an invocation and a vibrant cultural performance by **Zorks & Elysian Society**, which set an enthusiastic and positive tone for the event. The presence of eminent and distinguished guests added great value to the programme. Their insightful and motivational speeches provided valuable guidance, encouraging students to pursue excellence, discipline, and innovation in their academic and professional lives.

The academic orientation segment was conducted by the Heads of Departments. **Dr. Manisha Gupta (HoD, Management Department)**, **Dr. Neha Arora (HoD, Commerce Department)**, delivered comprehensive presentations outlining the curriculum structure, program objectives, evaluation methods, and academic expectations. This session helped students gain clarity about their respective programs and academic responsibilities.

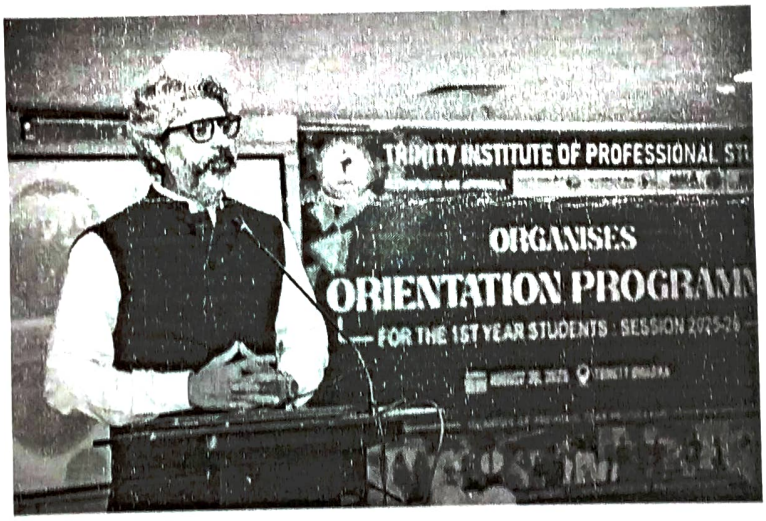

Students were also introduced to various **student clubs and societies**, encouraging participation in co-curricular and extracurricular activities for holistic development. An interactive quiz session further engaged the students, making the orientation lively and participative while fostering teamwork and enthusiasm among the new batch.

The orientation programme successfully acquainted students with the institute's ethos, academic environment, and support systems. It provided a meaningful platform for interaction between students, faculty members, and the administration, helping build a sense of belonging and community within the campus.

The programme concluded on a positive note, leaving students motivated and excited to begin their journey at Trinity Institute of Professional Studies. Overall, the orientation programme was a grand success and reflected the institute's commitment to nurturing students academically, professionally, and personally.

BACHELOR OF COMPUTER APPLICATIONS

TRINITY INSTITUTE OF PROFESSIONAL STUDIES NEW

Lesson P

Lesson Plan for Programming in C

Programme: BCA Semester: I Paper Code: BCA 101T Academic Session: 2025-26

Date of commencement of classes: 4th August 2025

No of hours allotted to complete the syllabi - 44hrs

Course Objectives: This course will provide the learners the following:-

1. Understanding of the syntax and the semantics of C programming language
2. Building of their logic for solving a given problem.

Course Outcomes:

CO1# Develop programming skills by learning the fundamentals of structured programming using C Language.

CO2# Design and develop programs using arrays, storage classes, functions and to understand memory management through pointers

CO3# Critically analyze real world problems using structures, unions and develop applications for handling text and binary files.

CO4# Explore the use of command line arguments, string manipulation and standard libraries.

Mapping of the Course Outcomes with the given Programme Outcomes

Course Content:

Lecture No.	Lecture Objective	Topic/ Module Details with subtopics	BLT LEVELS & COs COVERED	Methodology	Ref. Book	Date on which Delivered
L-1	To understand basic concepts of C character set, identifiers & keywords	C basics: C character set, Identifiers and keywords	BTL1, CO1	L	TB1, TB2	
L-2	Define data types and constants in C programs	Data types, constants,	BTL1, CO1	L	TB1, TB2	

DIRECTOR
Trinity Institute of Professional Studies
(Adj. Metro Pillar No. 1160, Institutional Area)
Sector-9, Dwarka, New Delhi-110075

		symbolic constants				
L-3	To declare the variables in C Programs	Variable declarations	BTL2, CO1	L	TB2	
L-4	Understand how to create the programs	Structure of basic C program	BTL2, CO1	L, LAB	TB1, TB2	
L-5	Understand how to write & execute programs in C Language	Writing and executing the first C program	BTL1, CO1	L, LAB	TB1, RB1	
L-6	Use & learn how preprocessor directive works in C?	#include Preprocessor directive	BTL3, CO1	L	TB1, RB1	
L-7	Understand about the expression, compound statements	Expression statements, Compound statements	BTL2, CO1	L, A	TB1	
L-8	learn how to use operators in C programs	Operators: Arithmetic, Unary, Relational, logical, assignment	BTL3, CO1	L, A	TB1	
L-9	learn how to use shorthand assignment & conditional & comma operators	Shorthand assignment, conditional and bitwise, comma operator	BTL3, CO1	L, CD	TB1, RB1	

DIRECTOR
Trinity Institute of Professional Studies
(Adj. Metro Pillar No. 1160, Institutional Area)
Sector-9, Dwarka, New Delhi-110075

L-10	Describe C control structure statements like if, if-else & else if ladder	Decision making Statements: if statement, if....else statement, else if ladder	BTL3, CO1	L, LAB	TB1, TB2	
L-11	Understand how to use control structures in programs.	C control structures: while, do....while, for, and switch statement, nested control structure	BTL2, CO1	L, LAB	TB1, TB2	
L-12	Use & describe control structure statements in C programs	C control structures: break, labelled break, continue, labelled continue statement, exit statement, goto statement.	BTL3, CO1	L, CD	TB1, RB1	
L-13	REVISION					
L-14	Define & describe about functions, their declaration & scope	C Functions: Functions: declaration, definition & scope	BTL3, CO2	L, A	TB1	
L-15	create programs using call by value & call by reference	Recursion	BTL5, CO2	L, A	TB1	
L-16	create programs using call by value & call by reference	Call by value, call by reference	BTL5, CO2	L	TB1	

DIRECTOR
Trinity Institute of Professional Studies
(Adj. Metro Pillar No. 1160, Institutional Area)
Sector-9, Dwarka, New Delhi-110075

L-17	define & use macros while creating programs in C Language	macros with arguments, nested macros	BTL5, CO2	L, A	TB1	
L-18	define & use # and ## while creating programs in C Language	# and ## operators, conditional compilation	BTL3, CO2	L, A	TB1	
L-19	classify between different variable declaration	Storage Classes: automatic, external (global), static & registers	BTL4, CO2	L	TB1	
L-20	understand about how to use Arrays & Strings in the programs	Arrays: Arrays (1D, 2D), strings	BTL2, CO2	L, LAB	TB2	
L-21	learn about how to use memory locations and pointer relationship	Pointers	BTL4, CO2	L, CD	TB2	
L-22	learn about how to use memory locations and pointer relationship	Array & pointer relationship	BTL4, CO2	L	TB2	
L-23	use & apply the functions related to dynamic memory allocation	Dynamic memory allocation	BTL4, CO2	L, A	TB2	
L-24	learn about the concept of pointers with array	Pointer to arrays, array of pointers	BTL3, CO2	L	TB2	
L-25	understand how pointers can be used in functions	pointers to functions	BTL2, CO2	L	TB2	

DIRECTOR
Trinity Institute of Professional Studies
(Adj. Metro Pillar No. 1160, Institutional Area)
Sector-9, Dwarka, New Delhi-110075

L-26	learn about use of array of pointers to functions.	Array of pointers to functions	BTL3, CO2	L	TB2, RB2	
L-27	REVISION					
L-28	understand the concept of structure & union	Structures: Structures, unions	BTL2, CO3	L, CD	TB2, RB2, RB3	
L-29	learn the concept of enumeration	Enumeration	BTL3, CO3	L, CD	TB2, RB2, RB3	
L-30	apply the knowledge of passing structure to functions	Passing structure to functions	BTL4, CO3	L	TB2, RB2, RB3	
L-31	analyze the difference between array and structure using programming	Arrays and structures	BTL4, CO3	L	TB2, RB2, RB3	
L-32	understand the concept of identification of types & difference b/w structure and union	Typed of, structure	BTL2, CO3	L	TB2, RB2, RB3	
L-34	learn about self-referential structure	Self-referential structure	BTL3, CO3	L	TB2, RB2, RB3	
L-35	learn how file handling works using programs	File handling [text (ASCII), binary]	BTL3, CO3	L, LAB	RB6	

DIRECTOR
Trinity Institute of Professional Studies
(Adj. Metro Pillar No. 1160, Institutional Area)
Sector-9, Dwarka, New Delhi-110075

L-36	learn how file handling works using programs	file input output operations	BTL3, CO3	L, LAB	TB2	
L-37	classify between different file access modes	file access modes	BTL4, CO3	L	TB2	
L-38	classify between different file access modes	file pointers	BTL4, CO3	L	TB2	
L-39	use file pointers concept and different functions related to file positioning	file Positioning functions	BTL4, CO3	L	TB2	
L-40	REVISION					
L-41	learn and apply functions of stdio.h, stdlib.h in C programs	Standard library functions from stdio.h, stdlib.h	BTL4, CO4	L	RB6	
L-42	learn and apply functions of conio.h, ctype.h in C programs	Standard library functions from conio.h, ctype.h	BTL4, CO4	L	TB2	
L-43	understand and apply functions of math.h & string.h in C programs	Standard library functions from math.h	BTL4, CO4	L	TB2	
L-44	Revision & Previous year Question Paper Discussion			L		

Methodology:

Lecture (L), Case Study (CS), Presentation (P) - individual or group, Assignment (A) - individual or group Class Discussion (CD), LAB

26	Tavishi Suri	Random Forest algorithm	Process Synchronization: Background	Private cloud	Window-to-Viewport Transformation
27	Nimesh Mahajan	Artificial Neural Networks	The Critical-Section Problem	public cloud	Matrix Representation of 3D Transformations of
28	ASHMIT KUMAR	HebbNet	Semaphores solution to critical section problem	Hybrid cloud	Matrix Representation of 3D Transformations of rotation
29	TRISH KUMAR	Perceptron	Process related commands in Linux: ps, top, pstree,	Iaas(Infrastructure)	Matrix Representation of 3D Transformations of scaling
30	HARSH RAWAT	Adaline	Process related commands :nice, renice and system calls	Different versions of the cloud	Polygon Meshes and its types
31	Pranav Rai	Multilayer Neural Network	Memory Management: Background,	Cloud service providers	Parametric Cubic Curves
32	KARTIK KUMAR	Activation Functions	Logical versus Physical Address space	Different components of cloud architecture	Types of Parametric Cubic Curves
33	Abhimanyu Tyagi	Loss Function	Swapping, Contiguous allocation,	API gateway	Geometric continuity
34	Chandan Kohli	Hyper parameters	Segmentation,	Virtualization	Parametric continuity
35	Kavya Grover	Gradient Descent	Paging	Challenges of cloud computing	Hermite curves
36	Prabhjot kaur	Backpropagation	Virtual Memory	S/w productivity in the cloud	Bezier curves

DIRECTOR
Trinity Institute of Professional Studies
(Adj): Metro Pillar No. 1160), Institutional Area
Sector-9, Dwarka, New Delhi-110075

37	Nimisha Mishra	Variants of Backpropagation	Demand Paging, Performance of Demand Paging,	Parallel computing	B-Spline curves
38	KANNU KRISHNA SHARMA	Avoiding overfitting through Regularization	Page Replacement, Page-replacement Algorithms,	Distributing computing	Surface rendering and techniques
39	angel kaur kalra	Applications of Neural Networks	Allocation of Frames, Thrashing	H/w architecture of parallel computing	Basic Illumination
40	Riva	Unsupervised learning algorithms	Deadlocks: System Model, Deadlock Characterization,	Approaches to parallel programming	Effect of ambient lighting and distances
41	Navya Saini	Clustering	Methods for Handling Deadlocks	Parallel computing vs distributed computing	Shading models
42	Vanshika Arora	K-means Clustering	Deadlock Prevention,	Characteristics of virtualized environments	Gourard Shading
43	SAHIL SHARMA	Hierarchical Clustering	Deadlock Avoidance	Virtualization techniques	Phong model
44	Nishant Sharma	Kohonen Self-Organizing Maps	Deadlock Detection,	Full virtualization	Three Dimensional Viewing
45	Dhruvi Tandon	Feature selection and Dimensionality reduction	Recovery from Deadlock	Partial virtualization	Representation of Three-dimensional objects
46	Rahul Sharma	Principal Component Analysis	Information Management: Introduction	Para virtualization	Projection and types
47	TANUSH KAUSHIK	Types of Machine Learning	File Concept	Vision of Cloud computing	Parallel projections
48	Kartik Bakshi	Reinforcement Machine Learning	Access methods	Services of internet	Orthographic Projections
49	Harsh Joshi	Comparative analysis of different supervised learning algorithms	Directory and Disk structure	Origin of cloud computing	Oblique Projections
50	Gunjan Joshi	Comparative analysis of different unsupervised learning algorithms	Disk Scheduling	On-demand self-service	Perspective Projection
51	PRANAV KUMAR NAIR	Data Science, Machine Learning, and Artificial Intelligence	File Protection	Hybrid cloud	Hidden Surface Removal
52	Ashmi Nain	Overfitting and Underfitting in Machine Learning	Linux File Security: Permission types	Vision of Cloud computing	Depth-Buffer (z-buffer) method
53	Mouli Sadana	Application areas of Binary Classification	Examining permissions,	Service-oriented architecture	Depth-sorting Method (Painter"s
54	Himanshu Joshi	Application areas of Multiclass Classification	changing permissions (symbolic method numeric method)	Cloud ecosystem	algorithm)
55	Kapil Rawat	Application areas of Multilabel Classification	Basic directory structure of Linux,	Set architecture level of virtualization	Cohen- Sutherland Algorithm for line clipping

DIRECTOR
Trinity Institute of Professional Studies
(Adj), Metro Pillar No. 1160), Institutional Area
Sector-9, Dwarka, New Delhi-110075

56	Sagar Sharma	Comparative analysis of Multiclass and Multilabel Classification	Basic commands of Linux:-man, info, help.	Memory virtualization	2D Shearing
57	Bhumi	Application areas of Supervised Learning with Case Study	whatis, apropos commands	Cpu virtualization	Bresenham"s Algorithm for line drawing

DIRECTOR
Trinity Institute of Professional Studies
(Adj): Metro Pillar No. 1160), Institutional Area
Sector-9, Dwarka, New Delhi-110075

Student Presentation Activity on Communication Concepts

Program/Class: BAJMC – 1st Year
Subject: Introduction to Communication
Semester: I
Venue: Classroom No 502
Organized by: Department of Mass Communication

Introduction

As part of the continuous internal assessment and experiential learning practices, the Department of Mass Communication organized a **Student Presentation Activity** for BAJMC 1st year students. The activity was conducted to enhance communication skills, promote active learning, and develop confidence among students. The presentation topics were selected from the prescribed syllabus of **Introduction to Communication** and related units.

Objectives of the Activity

The main objectives of the Student Presentation Activity were:

- To improve students' public speaking and presentation skills
- To strengthen conceptual understanding of communication basics
- To develop critical thinking and content organization abilities
- To encourage teamwork, peer learning, and classroom interaction
- To enhance students' confidence and reduce stage fear
- To promote use of visual aids (PPT) and creative delivery methods

Topics Covered

Students delivered presentations on the following syllabus-based topics:

1. Types of Communication: Verbal, Non-Verbal, Visual and Digital Communication
2. Barriers to Communication in Classroom & Social Media
3. Traditional Media vs New Media
4. Folk Media of India
5. Mass Media Functions + Examples
6. Shannon–Weaver Model + Noise Examples
7. Agenda Setting Theory with News Examples
8. Spiral of Silence on Social Media
9. Uses & Gratification Theory (Instagram/YouTube use)

DIRECTOR
Trinity Institute of Professional Studies
(Adj. Metro Pillar No. 1150, Institutional Area)
Sector-9, Dwarka, New Delhi-110075

10. Two-Step Flow Theory (Influencers as opinion leaders)

Methodology

The activity was conducted in a planned and structured manner:

- Students were divided into groups / given individual topics
- Each student prepared a short presentation using notes, examples and PPT
- The time allotted per student/group was **5–7 minutes**
- After each presentation, a **question-answer session** was held
- Faculty provided feedback regarding content clarity, voice modulation, and confidence
- Students were encouraged to use real-life examples and current digital media references

Student Participation

The activity witnessed **active participation** from students. Students demonstrated interest and enthusiasm while presenting topics related to communication and media. They also interacted during the Q&A session, showing improved understanding and engagement.

Outcomes of the Activity

The Student Presentation Activity achieved the following learning outcomes:

- Students gained better understanding of communication types and barriers
- Improved confidence in public speaking and classroom interaction
- Enhanced ability to structure content logically and present clearly
- Students developed basic skills in using PowerPoint and visual communication
- Increased attentiveness, listening skills, and peer-learning culture in the classroom
- Positive improvement in students' clarity of expression and academic performance

Feedback and Observations

Faculty observed that students showed improvement in:

- Communication skills and pronunciation
- Use of examples and explanation techniques
- Presentation delivery style and time management
- Confidence in handling questions from peers

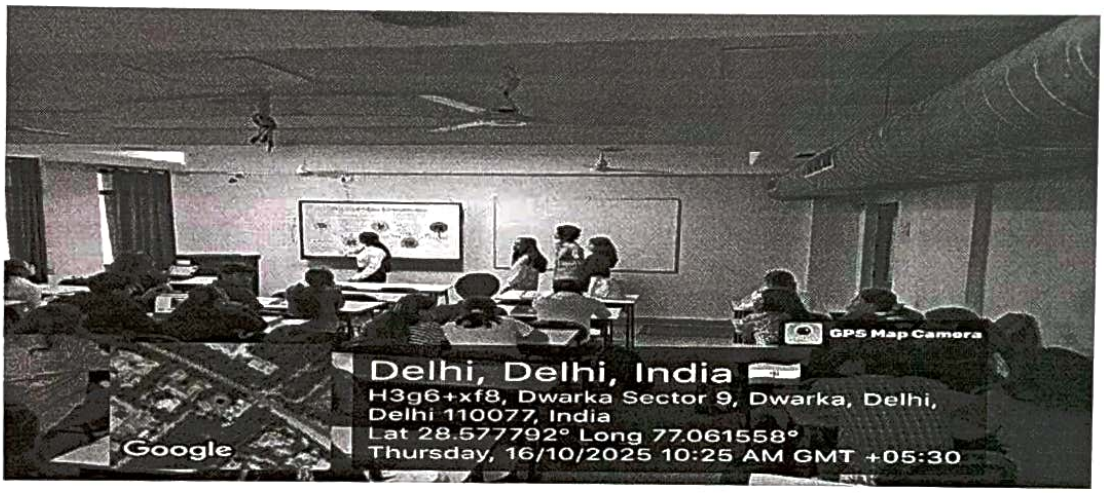

Students found the activity helpful in preparing for future academic presentations, seminars, and practical media skills.

Sector-9, Dwarka, New Delhi-110075

Conclusion

The Student Presentation Activity proved to be a valuable academic initiative aligned with student-centric learning, skill development, and participatory learning methods. The activity contributed to strengthening students' communication abilities and encouraged active learning beyond traditional teaching methods. Such activities will continue to be part of regular teaching-learning practices for the holistic development of students.

LECTURE PLAN

SUBJECT NAME: LABOUR LAW-I

PAPER CODE: BA LLB 401

PROGRAM OUTCOMES:

PO1: Demonstrate knowledge and understanding of substantive & procedural laws, including various legislations and connected rules & regulations.

PO2: Develop the skill of drafting or the art of framing various plaints, petitions, writs, letters, using proper English format with clarity. Students therefore learn the skills of collaboration, negotiation and counselling for the ethical implementation of the legal system.

PO3: Understand the standards of conduct involved in the practice of law and demonstrate the values of the legal profession. This inculcates ethical responsibilities towards clients in a legal system.

PO4: Analyse and understand changes in regard to the rule of law, economic reforms, human rights, women's rights, rights of children, the elderly, the sick and the disadvantaged segments of the population.

PO5: Make professional choices in a number of fields. Possible career paths include advocacy, research, policy making and judicial services. Career options are also available in the corporate houses, public sector and government, community relations, civil society, etc.

COURSE OUTCOME:

After completion of the course, the students will be able to

CO1: Understand the scope, applicability, and key definitions under the Industrial Relations Code, 2020.

DIRECTOR
Trinity Institute of Professional Studies
(Adj. Metro Pillar No. 1160, Institutional Area)
Sector-9, Dwarka, New Delhi-110075

CO2: Examine the structure and functioning of bipartite forums like Work Committees and Grievance Redressal Committees.

CO3: Explain the mechanisms for dispute resolution, including arbitration, conciliation, and adjudication.

CO4: Analyse wage-fixation procedures and the factors influencing minimum wage policies.

CO5: Explain provisions relating to payment of wages, deductions, and time limits.

CO6: Interpret legal provisions related to bonuses, advisory boards, inspector-cum-facilitators, and penalties.

OBJECTIVES:

1. Understand the applicability, scope, and features of the Industrial Relations Code, 2020.
2. Examine bi-partite forums like the Work Committee and Grievance Redressal Committee and their role in maintaining workplace harmony.
3. Learn the mechanisms for industrial dispute resolution, including arbitration, conciliation, and adjudication.
4. Understand the procedure and powers of adjudicating authorities and the framework for settlement of disputes.
5. Examine provisions relating to Strikes and Lockouts and their regulation.
6. Examine the fixation and revision of minimum wages, including components, time rates, and piece rates.
7. Analyse the power of the Central Government in fixing the floor wage and its implications for state-level wage fixation.
8. Understand working hours, wages for overtime, and wage calculation for less than normal working days or multiple classes of work.
9. Learn about Inspector-cum-Facilitators — their powers, duties, and inspection mechanisms.
10. Examine offences and penalties and their enforcement.

Internal Assessment and Assignment

Internal Exam (Written Test): 20 marks

Class Assessment/ Assignment + (Attendance+ Behaviour+ Attitude): 5 marks

TRINITY INSTITUTE OF PROFESSIONAL STUDIES

(Affiliated to Guru Gobind Singh Indraprastha University, Delhi)

Recognized under section 2(f) of the UGC Act, 1956

NAAC Accredited "A" Grade Institution

Ranked "A+" Institution by SFRC, Govt. of NCT of India

LECTURE PLAN

SUBJECT NAME: PROPERTY LAW

PAPER CODE: LLB 308

Program Outcomes (POs):

PO1: Demonstrate a comprehensive understanding of substantive and procedural laws.

PO2: Apply legal reasoning to analyse factual and hypothetical situations.

PO3: Develop critical and analytical thinking to interpret and construct legal arguments.

PO4: Exhibit ethical understanding and professional responsibility in legal practice.

PO5: Communicate legal arguments effectively in oral and written form.

PO6: Integrate interdisciplinary knowledge and use it for problem-solving in law and governance.

Course Outcomes (COs):

After completion of the course, the students will be able to

CO1: Explain the concept, meaning and scope of "Transfer of Property" and identify transferable and non-transferable properties.

CO2: Interpret conditions restraining transfer, transfer to unborn persons and apply the rule against perpetuity.

CO3: Differentiate between vested and contingent interests and apply the rule of election.

CO4: Analyse general principles governing transfer of immovable property such as ostensible ownership, lis pendens, estoppel, and part performance.

CO5: Classify and examine specific transfers- sale, mortgage, charge- and their essential features, rights and liabilities.

CO6: Explain the nature and legal implications of gift, lease and easement, including creation, duration and termination.

Objectives

DIRECTOR
Trinity Institute of Professional Studies
(Adj. Metro Pillar No. 1160, Institutional Area)
Sector-9, Dwarka, New Delhi-110075

1. To introduce the concept and scope of property law and to understand what constitutes "transfer of property" under the Transfer of Property Act, 1882.
2. To examine the general principles governing transfers, including transferable and non-transferable property, and the conditions affecting validity.
3. To interpret and analyze special doctrines such as the rule against perpetuity, election, ostensible ownership, and part performance.
4. To study specific transfers like sale, mortgage, charge, gift, lease, and easement, along with their legal implications and essentials.
5. To enable students to apply legal principles to practical situations involving immovable property disputes and conveyancing.
6. To develop analytical reasoning and interpretation skills required for understanding statutory provisions and case laws on property law.

Internal Assessment and Assignment

Internal Exam (Written Test): 15 marks

Class Assessment/ Assignment + (Attendance+ Behaviour+ Attitude): 25 marks

LECTURE PLAN

SUBJECT NAME: PUBLIC INTERNATIONAL LAW

PAPER CODE: LLB 312

Program Outcomes (POs)

PO1. Understand the disciplinary nature of law and relate it with other disciplines like humanities, social science and management.

PO2. Demonstrate the knowledge and understanding of the Substantive Law, Procedural Law and Constitutional and International Law.

PO3. Develop the ability to perform legal analysis and reasoning, legal research, problem solving, written and oral communication in the legal context and apply it in legal practice and real-life situations.

PO4. Demonstrate the professional skills of pleading, argument, drafting and conveyancing, collaboration, counselling and negotiation required for legal practice.

PO5. Develop the ability of analyzing the law in relation to contemporary developments at national and international level.

Course Outcomes

CO1. Explain the nature, origin, evolution, sources and subjects of Public International Law and critically analyse the relationship between International Law and Municipal Law.

CO2. Understand the law relating to treaties, recognition of States and Governments and appreciate the legal framework governing treaty obligations under the Vienna Convention on the Law of Treaties, 1969.

DIRECTOR
Trinity Institute of Professional Studies
(Adj. Metro Pillar No. 1160, Institutional Area)
Sector-9, Dwarka, New Delhi-110075

CO3. Analyse the principles governing State jurisdiction, extradition, asylum and the law relating to maritime zones under the United Nations Convention on the Law of the Sea (UNCLOS), 1982.

CO4. Evaluate contemporary developments in International Law relating to use of force, collective security, international criminal justice and peaceful settlement of international disputes.

CO5. Develop analytical, research and advocacy skills for solving practical legal problems involving international legal principles and contemporary global issues.

Objectives

1. To develop an understanding of the evolution, nature and sources of Public International Law.
2. To acquaint students with the legal personality of States and other subjects of International Law.
3. To enable students to understand treaties, recognition, jurisdiction, extradition and asylum.
4. To develop an understanding of the law governing maritime zones under UNCLOS.
5. To analyse contemporary international legal issues including use of force, collective security and international criminal justice.
6. To develop legal reasoning, research and advocacy skills in the field of Public International Law.
