

2.3.3 - Ratio of mentor to students for academic and other related issues (Data for the latest completed academic year)

The mentor-mentee ratio at TIPS (Trinity Institute of Professional Studies), Dwarka, can be calculated by dividing the total number of students by the total number of faculty members. Given the figures:

- Total number of students = 1,900
- Total number of faculty = 99

Mentor Mentee Ratio

The ratio can be calculated as:

Ratio = Number of students / Number of Faculty

$$= 1900 / 99 = 19.19$$

Thus, the mentor Mentee ratio at TIPS Dwarka is approximately 1:19

This ratio implies that each faculty member is responsible for mentoring around 20 students, which is a reasonable ratio in academic institutions, fostering personalized guidance and effective mentoring while ensuring manageable faculty workload.
